

{comments on}

Dear chessfriends,

Dinand Knoll (SAF) is organizing the edition 2010 of the ICCF Interzonal Team Tournament.

Each zone will be represented by one team, with the exception of our Zone, who will have three teams.

Each team will consist of 8 players playing 2 games (one with white and one with black) against opponents from other teams on the same board number. So, each player will play 10 games.

Players must be ICCF NF members and have a fixed rating.

The event will be played on ICCF web-server and will start in December 2010.

The criteria to assemble the European teams have been decided at 2010 ICCF-Europa Meeting in Antalya:

1. maximum number of different countries;
2. higher ELO.

The nominations (no more than 2 players from each country!) have to be sent not later than the 15.11.2010 .

Amici sumus!

Gian-Maria Tani

ICCF-Europa Zonal Director
